When Hospice Care
Can't Be Managed at Home

HOSPICE SUITES

Brookestone Acres has suites designed with hospice patients and their families in mind.

The suites are in a quieter area of the facility for a calmer and more homelike atmosphere. Team members move at an unhurried pace, working with the hospice nurse, taking time to talk with the patient, visit the family, and answer questions.

Day and night, family members and friends of all ages are welcome, and arrangements may be made for overnight stays.
